

# BLACKABY'S SEA KAYAKS AND TOURS

## Personal Equipment Checklist

Please plan well when packing for your trip. Feel free to bring what you will need; this list can serve as a format for your individual needs. We want you to be comfortable. Remember that dress is strictly casual and camping clothes are the rule on camping tours. We suggest that you pack your belongings in a collapsible duffel bag. Hard suitcases take up the same amount of space full or empty and are awkward.
